

Cyber Application

SECTION A - GENERAL INFORMATION						
Company Name (include any subsidiaries to be listed on the policy):						
Primary Business Activity:						
Operating Countries:						
Website:						
Revenue (from last complete financial year):						

OF STION B. NETWORK OF SUBITY AND BATAMANA OF MENT								
SECTION B - NETWORK SECURITY AND DATA MANAGEMENT								
Is your organization compliant with all applicable cyber, privacy, and data protection legislation and regulations?	Yes	No						
Do you have anti-virus or industry recognised endpoint protection solution on all endpoints across your network?	Yes	No						
In what time frame do you install critical software security patches?								
Do you utilize any un-supported end-of-life operating systems (e.g. Windows 7, Windows XP)?	Yes	No						
Do you maintain physically disconnected ('offline') back-ups for all critical data (e.g. tape drives)? If Yes:	Yes	No						
a) How frequently are offline back-ups taken?								
b) Are these backups immutable and/or air-gapped?								
Do you require the use of two-factor authentication for all remote network access?	Yes	No						
Do you require the use of two-factor authentication for all webmail access (e.g. Office365)?	Yes	No						
Do you utilize behavioural analysis and/or machine learning endpoint detection and response (EDR) or MDR software to detect malware for which no anti-virus signatures exist?	Yes	No						
If Yes, please state the software product used (e.g. Sentinel One, Crowdstrike Falcon):								
With respect to personal or sensitive data (e.g. customer PII or PHI) stored on your networks:								
a) Is the data encrypted at rest?								
b) Do you encrypt all mobile devices and laptops which are used to store personal data?	Yes	No						
Do all employees receive training on phishing and other social engineering techniques?	Yes	No						
Do you accept credit card payments for any of your goods or services rendered?	Yes	No						
 a) If yes, do all your point-of-sale systems have end-to-end encryption (E2EE) or point-to- point (P2PE) deployed (or this is in place through your outsourced card payment provider). 	Yes	No						
Do you have a review process to screen content and matter disseminated via your website and social media channels?	Yes	No						
	regulations? Do you have anti-virus or industry recognised endpoint protection solution on all endpoints across your network? In what time frame do you install critical software security patches? Do you utilize any un-supported end-of-life operating systems (e.g. Windows 7, Windows XP)? Do you maintain physically disconnected ('offline') back-ups for all critical data (e.g. tape drives)?
